

4 = Thorough, in depth evidence of process planning toward creation. Plan is fully, carefully and thoughtfully complete.

3 = Evidence of process planning toward creation. Plan is complete.

## **Phase 1:** **Look, Listen, Learn**

Document your inspiration and learning towards concepts or skills.

What images can you find that inspire you in your work?

What video clips can you find (as links) about your chosen art topic / theme?

Who can you talk to about your ideas?

4 = Thorough, in depth evidence of process planning toward creation. Plan is fully, carefully and thoughtfully complete.

3 = Evidence of process planning toward creation. Plan is complete.

## **Phase 2:** **Ask Questions**

Document your brainstorming and questions after investigating into your chosen theme, master artist, subject matter, etc.

4 = Thorough, in depth evidence of process planning toward creation. Plan is fully, carefully and thoughtfully complete.

3 = Evidence of process planning toward creation. Plan is complete.

## **Phase 3:** **Navigate & Analyze Ideas**

How do your ideas work visually?

How will you organize art elements and design principles?

Finish the blanks, then try to incorporate it into your art:

The Principle of Design, \_\_\_\_\_, will be best brought out through the use of the art element(s), \_\_\_\_\_, in my work.

Create / Design some examples of this as it may be seen in your work. Test the materials you plan on using for your composition.

4 = Thorough, in depth evidence of process planning toward creation. Plan is fully, carefully and thoughtfully complete.

3 = Evidence of process planning toward creation. Plan is complete.

## **Phase 4:** Sketch Ideas / Plan Composition

Sketch out your plan. What artistic elements will you include into your composition?  
How have master artists planned their masterpieces? What will your design look like?  
What layout will you choose for your composition?
