

# Drawing A – Unit 3: Linear Perspective

## Tiered Summative Assessment

Name \_\_\_\_\_ Hour \_\_\_\_\_ Date \_\_\_\_\_

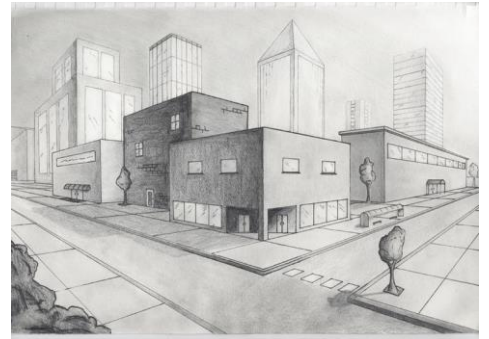

### Tier 2

Art Problem:

Create a 2 point linear perspective artwork of a fictional land or city scape.

Criteria:

- Lines must show accurate use and knowledge of vanishing points and 2 point perspective.
- The composition space must be filled in and should feel unified or have a sense of finished-ness.
- Subject matter must be shaded according to a specific light source
- There must be evidence for the use of stretchy string or a straight edge to design composition.

### Tier 3

Art Problem:

Create a 2 point linear perspective artwork inspired by the work of Mary Iverson.

Criteria:

- Lines must show accurate use and knowledge of vanishing points and 2 point perspective.
- The composition space must be filled in and should feel unified or have a sense of finished-ness.
- Subject matter should utilize an original photograph (taken by student of an environment or place of some kind)
- There must be evidence for the use of stretchy string or a straight edge to design composition.
- Objects or drawings completed on photograph composition must be colored with Gauche paint to represent a unique light source.
- Additional drawings and styles are encouraged (ex. Add in original monsters, people, objects, animals, etc)

### Tier 4

Art Problem:

Create a 3 point linear perspective artwork inspired by the work of Mary Iverson or another illustrator of your choice.

Criteria:

- Lines must show accurate use and knowledge of vanishing points and 3 point perspective.
- The composition space must be filled in and should feel unified or have a sense of finished-ness.
- Subject matter should utilize an original photograph (taken by student of an environment or place of some kind) from a bird's or worm's eye view point.
- There must be evidence for the use of stretchy string or a straight edge to design composition.
- Objects or drawings completed on photograph composition must be colored with Gauche paint to represent a unique light source.
- Additional drawings and styles are encouraged (ex. Add in original monsters, people, objects, animals, etc)
